**Leading** provider of **modeling** and **simulation** software and services used by major pharmaceutical, biotech, and regulatory agencies worldwide to make better model-informed data-driven decisions (MIDD).

# Investment Highlights

**Leader in software and services for the drug discovery, development, and regulatory approval process**

**Low market penetration + share gain opportunity in large and growing market**

**Double-digit revenue growth with strong operating leverage**

**Accretive M&A Strategy**

## Key Drivers

1. Acceptance & increasing adoption of MIDD technology by industry & regulators
2. Pharma spend rates continue to grow with large allocation towards Biosimulation
3. Biosimulation growing at **4-5X** total R&D spend

**SLP growing faster than Biosimulation TAM**

# Our Value Proposition

We *create value* for our customers by *accelerating & reducing the cost of R&D* through *innovative, science-based software & consulting solutions* that *optimize treatment options and improve patient lives.*

**Streamlines** processes & **replaces** trial & error with *in silico* decision making

Provides **accurate** models, continuously improved with **ever-growing** data sets

**Optimizes** efficacy and **minimizes** toxicity by efficiently identifying dosing regimens

**Improves** new drug candidate selection with predictive AI & ML capabilities\*

**Better** informs clinical trial design and results analysis

Identifies potential safety liabilities earlier to **avoid** costly clinical failures

**Patient Efficacy**

# How We Help – Software and Services

## Software

Most comprehensive & widely recognized tools for MIDD

Ongoing development & reinvestment incorporates latest science & ensures seamless UX

## Services

Operational efficiencies that lead to accurate/timely decision making & regulatory reporting

Therapeutic, modeling, & regulatory knowledge not always present in-house

Resource flexibility for clients with insufficient internal resources or capabilities

# Growth Opportunities & Capital Allocation

- **Increasing acceptance by industry & FDA**
- **Sales and Distribution Investment**
  - Improve/expand sales infrastructure
  - New customer growth in U.S., Europe, Asia
  - Expand small/mid-sized biotech client base
  - Product and service cross-selling

- **Fill gaps in the current product offerings, expand TAM**
  - R&D - enhance models & develop new tools
  - M&A - consolidate market, expand into adjacent markets, market extensions

## Environment

**COMMITTED TO RENEWABLE ENERGY** with our Lancaster headquarters joining the Lancaster Choice Energy Smart Choice 100% renewable energy program

**OPTIMIZED OUR DATA CENTERS** by reducing the number of physical servers in our Buffalo, NY, data center from 140 units to just 60 units

**IMPLEMENTED BUSINESS RECYCLING EFFORTS** to reduce our environmental footprint and pursue responsible business practices

## Social

**REDUCED EXPOSURE TO HUMANS AND ANIMALS** by advancing *in silico* simulation analyses of complex compound behaviors for chemical safety assessment programs

**SUPPORTED ACADEMIC RESEARCH** by partnering with universities and donating free software licenses to support academic research and training

**FUNDED AWARDS AND POST DOCTORAL RESEARCH** to support education

## Human Capital

**EXPANDED OUR HR TEAM AND CAPABILITIES IN 2020** with special focus on training and development

**FOCUSED ON DIVERSITY AND INCLUSION** with over 39% of our employees from minority backgrounds

**IMPLEMENTED A NEW FLEXIBLE VACATION POLICY** by augmenting the 11 paid holidays for our U.S. employees with no annual limit provided employee duties and obligations are met

## Business Governance

**ADVANCED GROWING ACCEPTANCE OF TECHNOLOGY** by developing collaborations with universities, research organizations, distributors, and government agencies such as the U.S. Food and Drug Administration (FDA) and National Institutes of Health (NIH)

**CREATED A NEW CORPORATE DATA PROTECTION OFFICER** to standardize and advance our company-wide Data Protection & Customer Privacy framework

**STRENGTHENED OUR BUSINESS ETHICS PROGRAM** by implementing a new unified Corporate Code of Business Conduct and Ethics, thereby replacing separate policies currently in effect at our divisions
