

Accessing DDI Standards in the Simulations Plus Training Portal

Your GastroPlus® DDI Module license grants you access to our DDI reports and databases through the **Simulations Plus Training Portal**. You must register on the portal with your company email address in order to access these resources.

Registering

Portal registration can be made at: simulations-plus.com/learn. Once registered, your dashboard, or home page, should look something like this.

Accessing DDI Standards

Click on the **Resources** tab at the top of the browser page. You will find a list of resources, including the DDI reports and databases. Resources are listed in alphabetical order by their label.

Search Function & Filter Options

You can use the search box to only show resources relating to DDI.

The screenshot shows the SimulationsPlus website's Resources page. The search bar at the top contains 'DDI'. Below the search bar, there are filter buttons for 'Type', 'Category', and 'Available for download'. The search results list three DDI-DAT resources:

| Resource Name | Type | Action |
|---|---------|----------|
| DDI-DAT Alfentanil_ALF-DDI-2101_Database <small>Updated: 27 February 2025 .zip File Size: 200 KB</small> | Archive | Download |
| DDI-DAT Bupropion_BUP-DDI-2201_Database <small>Updated: 27 February 2025 .zip File Size: 4.96 MB</small> | Archive | Download |
| DDI-DAT Digoxin_DGX-DDI-2402_Database | | |

You can also search by the enzyme or transporter that is used in the model.

The screenshot shows the SimulationsPlus website's Resources page. The search bar at the top contains 'OATP'. Below the search bar, there are filter buttons for 'Type', 'Category', and 'Available for download'. The search results list three DDI-DAT resources:

| Resource Name | Type | Action |
|--|---------|----------|
| DDI-DAT Digoxin_DGX-DDI-2402_Database <small>Updated: 27 February 2025 .zip File Size: 6.61 MB</small> | Archive | Download |
| DDI-DAT Fexofenadine_FEX-DDI-2401_Database <small>Updated: 27 February 2025 .zip File Size: 2.69 MB</small> | Archive | Download |
| DDI-DAT Prucastatin_PPV-DDI-2401_Database | | |

If you want to only see the DDI reports, search "DDI" and choose **Document** from the filters list.

The screenshot shows the SimulationsPlus website's Resources page. The search bar at the top contains 'DDI'. Below the search bar, the 'Type' filter is set to 'Document'. The search results list three DDI-PDF resources:

| Resource Name | Type | Action |
|--|----------|----------|
| DDI-PDF Alfentanil_ALF-DDI-2101 <small>Updated: 27 February 2025 .pdf File Size: 423 KB</small> | Document | Download |
| DDI-PDF Bupropion_BUP-DDI-2201 <small>Updated: 27 February 2025 .pdf File Size: 261 KB</small> | Document | Download |
| DDI-PDF Digoxin_DGX-DDI-2402 | | |

To view only the DDI databases, search “DDI” and choose **Archive** from the filters list.

The screenshot shows the 'Resources' page on the SimulationsPlus website. The navigation bar includes 'Home', 'My learning', 'Catalog', 'Resources', 'Store', and 'Forum'. A search bar contains 'DDI'. Below the search bar, there are filters: 'Archive' (selected), 'Category', and 'Available for download'. The results list three DDI-DAT resources, each with a 'Download' button. The first resource is 'Alfentanil_ALF-DDI-2101_Database' (200 KB), the second is 'Bupropion_BUP-DDI-2201_Database' (4.96 MB), and the third is 'Digoxin_DGX-DDI-2402_Database'.

Downloading a Report or Database

Click **Download** on the right-hand side next to the resource you’d like to download.

The screenshot shows the 'Resources' page on the SimulationsPlus website. The navigation bar is the same as in the previous screenshot. The search bar contains 'DDI'. Below the search bar, there are filters: 'Document' (selected), 'Category', and 'Available for download'. The results list three DDI-PDF resources, each with a 'Download' button. The first resource is 'Alfentanil_ALF-DDI-2101' (423 KB), the second is 'Bupropion_BUP-DDI-2201' (261 KB), and the third is 'Dioxin_DGX-DDI-2402'.
